In response to the Office Action dated April 4, 1995 please amend the above-identified application as follows:

IN THE SPECIFICATION:

Please replace the abstract with the following:

- [A direct current sum bandgap voltage comparator for detecting voltage changes in a power supply. The direct current sum bandgap voltage comparator includes a summing node, current sources connected to the summing node and the power supply, and an indicator circuit connected to the summing node. Each current source supplies a current to the summing node wherein the summing node voltage level is
